## Dual-Licensed Program

A fully integrated and dual-licensed (RTFA certified by OMHSAS and DDAP) rehabilitation program, the Dallas, PA location offers psychiatric evaluations, psychiatric follow-up, medication management and co-occurring group therapy. Staff utilize a trauma-informed approach in the development of treatment plans and group facilitation that assists clients with their co-occurring needs to accomplish personal and clinical goals.

## Withdrawal Management Program

Our 20-bed Withdrawal Management Program ensures a safe, medically-supervised withdrawal from alcohol and other substances for men and women in a comfortable, non-hospital setting where nurses provide medical care 24 hours a day, 7 days a week.

## Residential Care Program

Our 80-bed Residential Care Program offers a variable length of stay for men and women based on personalized, clinically driven treatment plans. The long-term care program provides clients with additional time, tools, and resources to address underlying issues and trauma related to the disease of addiction.
