## History

Founded in 1999, Pyramid Healthcare and affiliated companies employ a combined staff of 1,700 and operate over 70 facilities and 7 schools across Pennsylvania, New Jersey and North Carolina. Across our locations we're able to offer over 600 residential beds.

In 2012, the multi-state expansion of Pyramid Healthcare began with the acquisition of October Road, Inc. in North Carolina and High Focus Centers in New Jersey. That growth continued in 2014, when Pyramid Healthcare acquired both Today, Inc., which provides residential and outpatient treatment services in

eastern Pennsylvania, and Onward Behavioral Health and its subsidiaries based in Pennsylvania and New Jersey, including Rehab After Work, The Light Program, Life Counseling Services and Seeds of Hope, which provide outpatient treatment for substance abuse, mental health and eating disorders.

Pyramid Healthcare is now one of the largest providers of behavioral healthcare in Pennsylvania and New Jersey and is a long-standing member of the Rehabilitation and Community Providers Association.

## Mission

To develop and maintain a team of committed professionals, passionate about identifying human service needs and creating solutions for individuals and families that result in positive growth and a better quality of life.

## Why Choose Pyramid Healthcare for Addiction Recovery?

Our integrated recovery approach makes high-quality care a consistent service across our more than 70 facilities that offer every level of addiction treatment for every age in need.

+ **It's speed when minutes matter.**

+ **It's flexibility in times of crisis.**
