

Ridgeview Residential Treatment Center for Young Adult Males

Pyramid Healthcare's Ridgeview Treatment Center is designed to meet the specific needs of the young adult male population. Our program is tailored to meet their individual needs by incorporating curriculum and groups to ensure they have the best chance at long term recovery.

What We Offer

- » Residential treatment
- » Evidence-based treatment modalities including Cognitive Behavioral Therapy (CBT)
- » Co-occurring capable
- » Medication Assisted Treatment (MAT) including Subutex, Suboxone® & Vivitrol®
- » Methadone guest dosing
- » Family programming
- » Recovery-based support groups
- » Life skills
- » Aftercare planning & case management
- » Low element ropes course

Specialty Groups

Individuals within our program have the ability to participate in specific groups based on their individual recovery pathway. This presents the opportunity to individualize each client's treatment experience.
